An Open Letter to Doss Hardin

No. 5

July 15, 1940.

Doss Hardin,
Waco, Texas.
Sir:

One of the early born grafting enterprises of Ross and Doss Hardin was announced on December 30, 1938. This was the Texas Old Age Pension Bureau.

In case it should be necessary to refresh your memory, for no doubt you will want to discuss the merits of this venture as a claim for re-election, I refer you to the Waco-News-Tribune of Friday, December 30, 1938.

In a radio address you and your brother, Ross, called upon the old people of Texas to send you $2 for membership in the organization. It was you, Doss, who made the radio speech and your words were: "Help us carry on this fight and we will constantly keep you advised of Legislative activities in Austin."

You said further: "Upon receipt of your $2 for dues you will be sent your membership cards and your identification emblem." For the information of the people of Milam County who did not receive one of the thousands of letters which you sent out to old people it is interesting to relate that the emblem to which you referred was a button to be worn, around the edge of which were the words "Texas Old Age Pension Bureau" and across the center "The Hardin Twins."

What happened to your nefarious scheme to collect many thousands of dollars from the aged people of Texas is another story, a part of which has never been satisfactorily told.

In 1935 the people of Texas voted an amendment to the Constitution providing for the payment of old age pensions. The amendment provided further that conditions under which this money is paid was to be left to the discretion of the Legislature. When this amendment was put into effect the question was settled and it was no longer a political issue, as indeed it should never have been a political issue.

Five years after the people voted, you and other politicians like you are still promising to do something for the old people on the pension. It was your duty and the duty of every man who has served in the Legislature since 1935 to provide the money for the payment of these pensions. This your have failed to do.

You sought to prey upon the aged people to enrich yourself at their expense. You promised the old people their pension when as a matter of fact the Constitution had already guaranteed them the pension.

Because you did this you committed a criminal offense, although there was no law and there is now no law upon the statute books to prevent such practice.

It is interesting to note that Governor James V. Allred in 1938 issued a warning to the aged people that they did not have to pay any organization fees to get their pensions.

You were ferried into the Senate on the coat tail of Governor O'Daniel. It is also interesting to note that Governor O'Daniel shortly before he took office, in a radio broadcast warned the aged people that they did not have to make contributions to any promotional organizations and that such organizations as you sponsored could not help them in any way.

You knew then and you know now that what you did was wrong, that no matter how many old people sent you $2 they would not get one cent more pension money nor would they get it any quicker than the ability and patriotism of the Legislature could provide it through taxation.

In the present campaign you of course are taking advantage of the many thousands of friends of Governor O'Daniel in your district. The record shows that you have not supported Governor O'Daniel as you now claim from the stump. On the contrary you got on the radio and you criticised the Governor when he was doing all he could to get the Legislature to see his point of view. You challenged him to debate and you said many unkind things about him and all the time you were doing this,

JERRY SADLER SPEAKS IN CAMERON MONDAY

Jerry Sadley, young candidate for governor, brought his message to Milam County voters in an address from the court house lawn in Cameron, Monday afternoon.

Sadler was very positive in his denuncination of the sales tax, by any name, and of the present method used to tax large corporations. He said the big oil companies and the utility companies wrote SJR 12, the governor's pet plan.

Sadler's platform calls for a tax on oil, gas and sulphur which he says will raise ample funds to pay the old age pensions as required by law. He said, "The governor is trying to save the rich man's money and the poor man's soul."

Jarrin' John Kimbrough, All American football star was with the Sadler entourage and many fans had the privilege of meeting him in person for the first time. Jerry Sadler's Cowboy Stringsters furnished music and specialty numbers for the meeting.

The party went from here to Waco for a night meeting.

Tomato Growers Asking Help On Purchase of Machine

A movement of community-wide interest was under way in Cameron today for the purchase of machinery for grading tomatoes.

John McLerran, tomato producer, was circulating a petition asking for subscriptions to buy the machine which is now located at the Cameron Ice and Cold Storage Company.

This petition is worthy in every way and business men should contribut if the machine is maintained ment for tomato growing next year.

The machine was brought here by buyers who will not return next year, but of the machine is maintained locally it will pay for itself many times and thereby insure methods of handling the tomato crop.

W. H. Lawrence of the Cameron Ice and Cold Storage Company has headed the list with a substantial subscription.

All who have not subscribed should see Mr. McLerran at once.

Mr. and Mrs. F. A. Marek and Mr. and Mrs. Joe Petruy attended the funeral of Mrs. Joe Ruzicka, Jr., in Buckholts.

MRS. JOE RUZICKA, JR. DIES EARLY MONDAY

Mrs. Joe Ruzicka, Jr., of Ad Hall died at 7 a. m. Monday in a local hospital from carbolic acid burns and poison.

At 6 a. m. Monday Mrs. Ruzicka was found by her husband sitting in the family car at their home, her mouth bandly burned by the acid. It was not known how much of the poison she had swallowed. A physician was summoned, but when he did not reach the home as quickly as anticipated. Mrs. Ruzicka was taken to a local hospital where she lived for only a few minutes.

According to information received by the Daily Herald, Judge Womack Brashear who conducted an inquest and Deputy Sheriff C. D. McCall, Mrs. Ruzicka was despondent and deeply humiliated over family troubles that led to a shooting in Buckholts on Saturday afternoon.

At 3 p. m. on Saturday afternoon Joe Ruzicka, Jr., husband of the dead woman attempted to shoot his son in law, C. A. Morgan. Three shots were fired, none of which took effect and Morgan escaped.

Later in the afternoon Deputy Sheriff McCall placed Morgan under arrest and lodged him in the County jail. He was charged with assault with attempt to rape. According to officers the charge arose over Morgan's attentions to a sixteen year old daughter of the family. The girl is a sister of Mrs. Morgan.

On Sunday morning Morgan was released from the County jail but following the death of Mrs. Ruzicka at 7 a. m. at a local hospital, Deputy Sheriff McCall arrested Morgan again and at the time of this report he was still in jail.

Mrs. Ruzicka before her marriage was Miss Rosa Svetlik.

According to officers here who talked to members of the family Mrs. Ruzicka, following the shooting said that she felt ashamed and humiliated because of the conduct of her son in law and the shooting by her husband and indicated she might make an attempt on her life.

Mr. Ruzicka said he took precautions to hide certain poisons which were used for household purposes but did not know of the existence of the carbolic acid.

Shortly before Mrs. Ruzicka was found in the car she was said by officers to have told her hubsand that she was going out to feed the chickens and when she did not return to the house he searched for her and found her in the car.

Mrs. Ruzicka died without regaining consciousness or speaking to anyone.

At the time this report was made for publication funeral arrangements were being made but the time and place had not been announced.

She is survived by her husband and three children, Mrs. Clifford Morgan, Johnnye Ruzicka, a daughter, and one son, Richard Joe Ruzicka.

Jesse Jones of the pioneer Jones family that settled near Maysfield approximately one hundred years ago and owned what is now known as the H. L. Yager farm, was a visitor in our city Saturday. He and his sister, Mrs. Paura Beard, live together in San Antonio.

R. R. TYSON DIES AT BRANCHVILLE HOME

R. R. Tyson, 63, died at 6:30 a. m. Friday at his home near Branchville.

Although Mr. Tyson had been ill for a number of years, his death came as a shock to his many friends and relatives.

Mr. Tyson was born and reared in Maysfield where he married Miss Jenny McGuire of that community. After his marriage the family moved to Cameron. At one time he was a member of the House of Representatives in Austin. For the past several years he has made his home in Branchville.

His survivors are his widow and children, Mrs. White Hubert, Mrs. Jane Young, Roy Tyson, Carl Tyson, Mrs. Eunice Lilly, and Bille Tyson. Other than his immediate family he is survived by Hall and Murphy Tyson, cousins, Mrs. Clarence Freeman, Dr. David Smith, Dan Tyson and Mrs. J. H. Sapp, cousins, a brother, M. V. Tyson and Mrs. Cleveland Eades, a sister.

Mr. Tyson was a member of a pioneer family, for many years prominent in political and civic leadership.

As a member of the State Legislature and as a figure in the stirring days a quarter century ago, he was an eloquent and forceful speaker. His writings have always been widely appreciated.

The ancestral home of the Tysons stands by the roadside east of Branchville, a rambling old house and all about it the red barns speak of old days of prosperity and prominence.

Across the highway to the south in a beautiful stretch of Little River bottom lies the Tyson plantation where in the old days the business of the family was cotton and with it many tenants and ideal living conditions in the country.

During recent years Mr. Tyson, due to ill health, had lived quietly and obscurely in a small farm home not far from the scene of his earlier days.

Rich in the reflections of a full life, he cherished the occasional visit of old friends and although the frailties of the body were grievous to bear, his mind kept alive for consolation in his declinng days the happiness that was his when life's fortunes were secure in better and brighter days.

SECRETARY WALLACE IS RUNNING MATE?

President Roosevelt is the nominee of the Democratic party and for a third term.

The nomination occurred shortly after midnight on the first ballot with little or no opposition.

The convention was expecting a message from President Roosevelt this afternoon.

The President has given no indication by outright statement that he will accept the nomination but there was general belief among the delegates that he will be the standard bearer for the third term, thus smashing another precedent one of many he has broken since he became president.

Henry A. Wallace, Secretary of Agriculture, was believed certain to be named vice presidential nominee, it was learned early today. Secretary Hull has declined to be a candidate for vice president.

The name of Vice President John N. Garner was placed before the convention by Wright Morrow of Houston shortly before midnight. The convention delegates paid little attention to the address of Mr. Morrow which although one of the best of the entire convention was little heard.

The demonstration was staged by a lone band of loudly yelling Texas delegates while from the platform a radio yodler spilled a mournful song of the prairie, "When Its Round-up Time in Texas." Thus ended the ill starred aspirations of Vice President Garner.

The Democratic party in the opinion of many is believed certain to die, that the third term precedent will lead to a fourth, a fifth, and so on until the twenty year term of Porfedio Diaz in Mexico will be duplicated in America.

Court House Speaking Sought by Business Men in Cameron

Balloting is under way on the question of whether the last speaking date for candidates will be held on the Court House lawn or at the Athletic Field.

In today's Midget Daily an advertisement paid for by Cameron business men begins a series of publications.

It was regarded here generally as unfortunate that any arrangement for speaking should cause a controversy or make a referendum necessary.

A petition circulated by Charlie Walzel, who has been active at the request of a number of business men, indicates sentiment in the mercantile area is seeking to preserve for the Court House its time honored event.

The Band Parents Association originally asked the speaking for the athletic field. In view of the fact that business men generally would profit from the speaking on the court house lawn it is deemed inadvisable that any contest should develop.

The executive committee did not know of the sentiment at the time this decision was made and while its action nor the policy of the chairman should be criticised it is nevertheless important that the interests of our business people be given every consideration.

Make out you ballot and vote at once. Voting will close on July 22nd.

SECRETARY'S NOTE: I have endeavored to compile in a comprehensive manner the above statement, showing in detail as far as possible the status of the City's financial condition at the close of business, March 31st, 1940. I have in most instances shown all receipts and disbursements separately particularly the major items. In some cases, (in order to economize space and save expense) I have condensed some of the minor transactions.

If the setup of the statement, figures and arrangement of same are difficult or complicated and not readily interpreted, either as relates to general fund items of receipts and disbursements, or various bond and sinking fund accounts, special accounts and etc., I shall be very glad to explain and verify if requested to do so.

Very truly,

DAN TYSON, City Secretary, Cameron, Texas.

SCHILLER MOTOR COMPANY
A. E. SCHILLER, Owner

An Open Letter to Doss Hardin

(Continued from page one)

you were urging the old people to send you $2 for membership in the Old Age Pension Bureau.

It was an elaborate setup so you said. You were associated with Albert B. Schoemake, former manager of the Republic Under Writers, a firm then in receivership.

According to your plans you were to have a certified public accountant give all necessary details as to proper disposition of funds collected from the aged people.

I would like for you now to produce a statement from a certified public accountant, showing what you did with the money. You said you gave it back when you were threatened with exposure and possible prosecution. No one knows for sure whether this money has been returned to those who gave it and this would be interesting because I know there are many aged people in Milam who if they did not give you $2, they received letters from you asking for $2.

This action to my way of thinking is like this: A citizen goes for his poll tax, paying the amount provided by law. You meet him ouside the ballot box and demand 50 cents of him before he can vote.

It is important to know that a committee of the Texas Bar Association was requested by Secretary W. B. Carssow to investigate the activities of the so-called Pension Union which at that time had pioneered the field in robbing the old people, to be followed shortly by you when you organized the Texas Old Age Pension Bureau.

It was currenty reported, although never substantiated, that you obtained something like $50,000 from the old people. Did you give it back? What did you do with the money? It belongs to them.

OUR GLORIOUS FOURTH

Our "Glorious Fourth"

By REV. T. F. O'SULLIVAN
Burlington
(Publication Delayed)

If we allow ourselves to become entangled in the complicated intrigues of European diplomacy; if we permit our destinies to become hitched to the destiny of any European nation, we are scrapping for good and all the noble document that is the foundation of our Republic. Nothing could be more timely this week than a reffirmation and a rededication, both in word and deed, of the principles laid down in our magnificent charter of human freedom—the Declaration of Independence.

During these days in view of the catastrophe that is now happening on the European continent, let me say to the misunderstood and to those who misunderstand that there is just one thing to do. Keep America Amercian. It is a big country, but is only big enough for one Ism—Americanism. We are grateful for the privileges granted to us as American Citizens, but we must not abuse such privileges. Freedom of religion seems to consist in the activities of paid members going about the country calling from door to door and sounding insulting records on the phonograph denouncing and destroying all religion," and freedom of speech is accorded to those who would tear down our flag.

What are we going to do about it? Live lives in accordance with God's Commandments, and the Constitution of the United States, and then as far as possible to put God into Education, first of all in the home and then to our children in school.

The good citizen, man or woman, realizes the duty of "Rendering to Caesar the things that are Caesar's and to God the things that are God's." Such a Christian you will not find in any "Fifth Column," neither will you find him in the company of any subversive group or element engaged in the destruction of our American Democracy.

Finally the good Christian citizen regardless of his nationality knows how to die for America, and he also knows, please God, how to live for America.

Mrs. Wm. Strzinek and her daughter, Miss Alice of Austin, will leave Sunday on a tour through the Northern states on their way to the World's Fair in San Francisco and other points of interest where they plan to spend several weeks before returning to their home.

Mrs. Frank Hertenberger and daughter, Dorothy of Sharp visited in Cameron Tuesday.

PEACHES FOR THE EDITOR

The Herald editor acknowledges with appreciation the thoughtfulness and substantial remembrance of friends this week who brought in peaches.

Joe Zalesky gave us a sample of the finest peaches in the state. They were raised on his farm near the city limits. Mr. Zalesky has a quantity of these peaches for sale.

Frank Heitmann who lives in the city limits gave the editor a prize half dozen clingstones. They were thoroughly enjoyed and the best of the variety seen this year.

A. J. Krenek who lives on Star route out of Cameron brought the editor some choice peaches from his orchard and they were fully enjoyed. Mr. Krenek did not tell us the variety but if our orchard could accomodate some of the trees we would like to plant some.

CARD OF THANKS

We are deeply grateful for the kindness shown us by neighbors and friends during the recent illness and at the death of our darling baby, William Roland Brock. Your expressions of sympathy and understanding of our grief has been a great consolation to us.

We thank each one, those who gave flowers to to express their sympathy and all who in any way helped us.

Mr. and Mrs. Vance Brock.

THE RECORD .... Facts That Concern You — No. 20 of a series

WHAT IS MALT?..
and how is it used in making beer and ale?

Answer: Brewers' malt is barley that has had its starches modified. The barley is first permitted to "sprout" by the addition of moisture. At the right instant, the growth is checked by heat and the sprouts are removed.

What remains is malt . . . the essential base of all good beer and ale.

Every step in the brewing of good beer and ale has been taught by centuries of experience. Today, amazingly expert brewers — using only the purest ingredients — make beer and ale the mild, tasty, wholesome beverages that they are.

Now the brewing industry is taking action to keep the *retailing* of beer as wholesome as beer itself. A plan to eliminate abuses is already in effect in a number of states. It is being extended. Ask us for an interesting *free* booklet.

"IT is our TP&L Service. It does so many things for us... lights our home for better seeing... refrigerates our food for better health... cooks our food faster, more safely and more conveniently... helps with my cleaning, washing and ironing... brings us an endless variety of entertainment and information over the radio... all at a cost of only a few cents a day."

The great value of TP&L service becomes even greater to the family and to the community when you consider these facts: The Company is one of the largest local taxpayers, provides one of the largest local payrolls, is among the best customers of local institutions, and takes an active and constructive part in the affairs of the community and state.

Rates for TP&L residential service have been lowered numerous times, until today, more than ever before, "The Smallest Item of the Average Family Budget" is TP&L Service.

AIR WAR CONTINUES OVER BRITISH ISLES

The action of the President was believed to be the forerunner of compulsory military training which he will soon ask the Congress to authorize.

The President also announced that he would not attend the National Democratic Convention in Chicago.

The President did not attend the convention at which he was nominated for the presidency as it is customary for the President to remain away from the convention.

Germany continued bombing the British Isles and clamied that five British merchant ships were sunk and heavy damage all along the coast of England.

There is one easy way to cook well . . .

is the

MODERN GAS WAY

Haven't you found that there are some days you like to cook and some days when you just hate to think of food? And nothing seems to go just right?

But perhaps it is not just you! Perhaps your range is not helping you make cooking faster, easier or more certain.

You see, there have been big improvements in gas cooking in the past few years. Outstanding among these improvements are ovens that hold temperatures as low as 250 degrees for canning; broilers that grill food in half the time; simmer burners that prevent boil-overs or food burning which can be controlled accurately for waterless cooking or fast frying. Find out about all these cooking improvements. They'll **save you time, money and effort.**

Last year approximately a million and a quarter American homes joined the nation-wide swing to modern gas ranges. Over sixteen million American homes now cook with gas.

FLOWERS FOR THE MIDGET

It is always a happy day for a newspaper publisher when flowers reach his sanctum.

This belated thanks to Mrs. W. H. Fletcher of Cameron for a beautiful bouquet of flowers received this week is no indication of our lack of gratitude for this rememberance.

The best sentiments of life are often expressed by flowers and when given to the living they represent what the publisher has always believed in as a creed of life.

The Daily Midget has received many plaudits but none more highly appreciated than the flowers from Mrs. Fletcher.
